

Good Medical Practice (UK)

Intra-framework links:
 I haspart I.A
 II haspart II.A
 II haspart II.B
 I.A haspart I.A.1
 II.A haspart II.A.2
 II.A.2 haspart II.A.2.a
 II.A.2 haspart II.A.2.b
 ...
 II.A.2.b isrelatedto V.A.21.b

Extra-framework links:
 Some objects reference specific parts of other GMC publications/guidances (e.g. paragraph #).

 Some objects reference other GMC publications/guidances generally (i.e. document title only).

 Some objects provide links to case studies (pdf).

Notes:
 References within objects are hyperlinked to web sites.

 Most objects do not have UIDs (created here for demonstration purposes). Some objects have paragraph numbers, reflected here as the third and fourth digits of the UID. E.g. object "II.A.2.b" is paragraph 2b.
