

CWG Meeting at MedBiq 2009

Thank you to all CWG member, old and new, who attended our face-to-face meeting at the 2009 MedBiquitous conference. The meeting, and the conference generally, re-affirmed the need for interchange of competency frameworks and associated data, further validating our work.

Welcome to new participants who joined the discussion at the meeting. Your continuing input will be crucial to the ongoing development of the conceptual model and technical specification.

Minutes from the meeting will be posted on this wiki soon.
