

# FOAF articles and scenarios

There are two FOAF articles of interest.

1. [Opportunities from The FOAF and OKKAM projects](#) (excerpt)
2. [Excerpt form A Survey on Linked Data and the Social Web as facilitators for TEL recommender systems](#)

possible scenarios:

- A. An individual looking at a resource would like to learn more about an author, their activities, and connections.
- B. An individual looking at a resource would like to see other resources by this author.
